Dear Mr. Weisberg,

Thank you so much for your kind letter. appreciate it very much that you took the ime and effort to reply. I realize how busy ou are. I was sorry to hear you had a fever. hat can be so exhausting. You should drink ots of orange juice (that's my cure-all for erything ha)

The books arrived the day after your letter rd I'm so excited. I can't wait to start reading hem — I've read two. My professor will be appy because he hasn't read Photographic Whitewash yet. He has the other three. Now I an loan them out and make everyone read them. o many people just aren't aware of it all. My French roommate who can't speak English

) very well is struggling to try and read it. I nostly try to explain things but since I'm not mpletely fluent in French it's hard. But she's so nterested. Have you ever tried getting it translated to French? I should think the French people s a whole would be interested.

About the publishers – I'll see if my professeur nows anything and take it from there. He ight be able to recommend some. I know it's robably pretty vain because you have a good gent already but sometimes seemingly impossible hings come about by just trying at the right oment. I'd like to try anyway.

It is so terrible that you can't get your ooks published. It really is. I would love to read your book on Ray. I don't understand how nyone could ever believe such elaborate planning uld be a one man job (aside from everything lse) and actually most people don't.

Were you working on the case with Harrison he whole time? I know you laid the basis

for the trial in the first place. You're so ntastic on research, that there's no reason Harrison to trip up on conspiracy charges or ything else. All he has to do is consult you — he ust realize your importance in connection with e case. But then I'm looking from the outside d have no idea how things are going on within. it just seems that way to me. There is this ssassination Inquiry Committee in San Diego hich is going to try and produce the transcript the Show Trial. Newspapers are so slanted rat mpletely but I'm sure you know what I ean. Newspapers can't seem to realize the ct that truth is stranger than fiction and herefore far more interesting but I spose here are many factors. The transcript would interesting to read though.

Did you do any research on Ray over here? spect the police are pretty difficult about giving ut information. The hotel where he was staying n't too far away and I know the owner but

I guess anything that has to do with
nything happened in the States.

How much money is needed to publish
book? There must be people somewhere
to would be interested in publishing books like
ours – if not for noble reasons – for the the
hallenge. It could easily become a best seller
. widely distributed and all. I wish I was
ich and could help you.

Is it alot of inconvenience for you to
ail books? If not, when I finish paying
n these I'd like to send some more to different
ople. I could write things in letters but of
ourse the book would be better. Though my
other wrote me (when I first really took notice)
bout all this, it shook me up so much I couldn't
ardly sleep. He highlighted the main things
nd told me to read Whitewash

I hope you have recovered and are well
gain. Thank you again so much for your letter
nd the books. Don't be discouraged. You're doing such
ntastic things, it's an honor to write you. My best always Cind
